

As of October 1, 2021

Sake Museum (Haskushika Memorial Museum of Sake)

【Guideline for Visiting the Sake Museum】

● Before You Visit

1. Please reschedule your visit if you have symptoms of illness include cough, fever or chills in the 14 days.
2. Please reschedule your visit if you have new loss of taste or smell in the 14 days.
3. Please reschedule your visit if you have returned from overseas in the past 14 days.

● When You Arrive

1. Please wear a mask.
2. Please wash and sanitize hands.
3. We're limiting the number of people in our museums to allow for safe social distancing.
4. Recommended length of stay at each museum building is within one hour.

● During Your Visit

1. Please maintain a safe social distance of two meters (approx. six feet) or more between other visitors.
2. Please refrain from talking in the exhibition rooms.
3. Please do not touch the exhibits and the display cases.

● For Group Visitors

1. Please make a reservation for any group over 10 visitors (maximum 30 visitors at a time).
2. We're limiting the number of people at each museum building.
3. All on-site public tours are currently suspended.

【Keeping Us All Safe】

- We've installed protective safety shields at the receptions.
- Our staff will practice good hygiene, wear face coverings, and wear gloves at the receptions.
- We're providing hand-sanitizing stations for visitors throughout our facilities.
- We're conducting more frequent and enhanced cleaning.
- Some of the hands-on exhibits are currently suspended.
- The conference room and the audio visual room reservations are currently suspended.
- We are taking enhanced precautions for the safety of our visitors and staff.
